

Join Our Team

We are seeking a highly motivated CT-licensed or licensed eligible clinician looking for clinical home where they can practice and grow their skills in evidence-based treatment, in a warm and welcoming environment.

Eligible applicants should have training and experience in providing evidence-based compassionate individual and group therapy. Demonstrated expertise in CBT, DBT, child and adolescent treatment is required. Additional evidence-based training is preferred, e.g. ACT, TF-CBT, as well as a demonstrated competency in LGBTQ care.

Our group practice is dedicated to providing accessible, quality, compassionate care that is responsive to the needs of our surrounding communities. Opportunities for community programming, additional training, peer supervision and case consultation are available.

We would love to interview qualified candidates (LPC, LMSW, PhD, PsyD, or Post-Docs welcome to apply) who are passionate about the professional practice of psychology and seeking to grow in a collegial, supportive, and familial team of clinicians.

Interested applicants should email the following materials to contactus@shorelinepsychological.com :

1. based therapies, and your specific interest, fit with our practice,
2. curriculum vitae
3. a list of 3 professional references with email and phone contact information,
4. additional letters of recommendation are welcome
